GENERAL DURYEA—A good story, and a true one is told of General Duryea while he was stationed here as the Brigadier commanding He addressed a note to a person who had ordered a petty farmer upon his land, some nine miles from town, to haul down the national flag The father in law of this man, a President of one of our banks waited upon the General to know whether he had written the note "I did" said the General "Are you the person?" "No, I am his father in law" "I give you thirty minutes to produce your son in law in this office" "But, General"—"Thirty minutes, sir, thirty minutes!" The two came at the appointed time, and the offender confessed that he had committed the offense against the flag "You must both of you take the oath," said the General "and I give you, sir two hours to hoist that flag upon the same spot where it was pulled down" "But General!" "Two hours, two hours, or you both go to Fort McHenry" The flag went up at the appointed time and there it has floated ever since, and the two are now sworn Union men —*Washington Cor N Y Post.*

GRAY'S HARBOR

This expanse of water of twenty miles long by three to five wide receives the waters of several rivers Chehalis the principal one the receptacle of the waters shed from the valley of the [illegible] and many smaller streams [illegible] peninsula terminating on the South side, and the hills on the North [illegible] the waters of the channel which has a good entrance for vessels of from two or three fathoms draft Magnificent pasturages stretch away from the [illegible] covered with the finest grasses The timber [illegible] better shelter for cattle in winter [illegible] The streams are full of fish, the forests of game and innumerable birds cover the water The channel has been sounded the Shores measured and all [illegible] necessary for a chart [illegible] of the place This [illegible] by Mr Lawson Coast Surveyor, with a party under his direction The Islands, some stores and substantial dwellings are there but the inhabitants are few [illegible] fond of solitary [illegible] and large farms in the future hold on, confident that some day it will be a place

SHOALWATER BAY

[illegible] an [illegible] sheet of water when [illegible] and of grass and [illegible] at its recession the tide dividing the [illegible] The boundaries are the beautiful hills and the low peninsula running North [illegible] Cape Disappointment one twenty or thirty miles to the channel This interesting [illegible] having timber and prairie lands It is about two miles wide The Bay is said to be thirty miles long by eight wide. Eight or ten vessel loads of oysters go out each season, this being the leading business of the Bay It has resources for farming and pasturing equal to any district on the coast. In the Bay [illegible] is obtained by sail boats and fishing boats Deep water continues throughout the Bay so that sea vessels can go to Oysterville and Bruceport and miles beyond Port William is on the North Beach, near the Light House having a fine protected harbor where the surveying brig *Fauntleroy* has been ensconced this summer. Flour is manufactured at a mill on a large river with an Indian name sounding Wallapah, where some enterprising Germans have a settlement An immense loss occurred last winter by the freezing of oysters in the beds It was supposed to be caused by the quantity of fresh water from the Columbia river which was forced into the Bay by the tides The whole [illegible] up to the Straits indicates the immensity of the volume of water sent out of the Columbia by the freshets of last season—wrecks of houses mills bridges &c strewing the beach The drives on the sea beach, from the Cape to Oysterville and from Port William to Gray's Harbor cannot be excelled by any artificial road in the world An excellent road [illegible] Oysterville to the beach, and another from Whealdon's and Johnson's old portage to the beach at the Cape, connects these two places by a good land route Another improvement is going forward by a lock and dam to the slough at the head of the Bay, by which goods can be forwarded by water and a mile or less of road across the isthmus at Whealdon's

The country upon these two splendid bays, presents as fine places for settlement as any part of Oregon and Washington The lead[illegible] advantages being rich open land, abundance of the best pastures, fish of all kinds, and a climate unsurpassed for healthfulness The moderate temperature prevents extremes of heat and cold so that invalids affected injuriously by either can there enjoy life unmolested

Around Shoalwater Bay are indications of upheavals or down heavals of the land, as beds of shells are found in the tops of hills a hundred feet above the water Fine quarries of building stone exist and what is called coal blossom or lignite, is found in the streams

A man an earnest individual, well acquainted with the coals of Pennsylvania, is engaged in pushing a shaft into the rock near Bruceport confident of striking good stone coal As researches shall be made, valuable minerals will doubtless be developed, to enrich, adorn, and bless this fine region

The Mountain Road and other Matters

We have had some conversation with Lieut Mullan, which was of exceeding interest to us. He has completed the road from Walla Walla to Fort Benton, and is now on his way to Washington to make his reports to the Government It is not supposed that a *mountain* road can be so constructed as not to require constant repairs This must be done, and he will recommend appropriations for that purpose He says that gold has been found in various places in the mountains and that as soon as provisions can be had there there will be miners The emigrants which passed over the route were satisfied with the prospects, and of the entire feasibility and convenience of the trip by steamers from St Louis to Fort Benton, and from hence by horses or wagons to the navigable waters on this side of the mountains Mills are in progress of erection at a new town above Fort Benton. Transportation can be had at that point for goods from St Louis at $100 per ton; and will be lower The Bitter Root country will be likely to receive hereafter supplies by the river from St Louis New discoveries are constantly being made proving the easy accessibility of the country to emigrants A large party had come directly from Pike's Peak to "Big Hole"—a gorge or valley opening from the east side of the Rocky mountains, where they have found gold.

The Missouri river above the falls, becomes a placid and navigable stream for a great distance, even to the base of the Rocky mountains, in the direction of "Big Hole" valley, and that the steamboat proprietors who are running steamboats from St Louis to Fort Benton, design to build steamers for the upper portion of the river as soon as the value of the gold mines on those waters are favorably determined Lieut Mullan feels an abiding conviction that a good route for a stage-road can be found from Fort Laramie to Deer Lodge valley—connecting there with the Walla Walla and Fort Benton road, running through a country furnishing plenty of water and abounding in grass

He will lay before the proper department the advantages which offer by the construction of that road, and he informs us that Wm. T. Coleman of New York, when a road on that route is put in order, will place upon it a line of stages, to cost, if necessary, $100,000 or $100,000. That would be the proper route for the eastern mail to Oregon and Washington;—saving in the distance probably a thousand miles

We have scarcely begun to witness the condition of things which will be consequent upon the discovery of gold and the working of the mines in the upper country The running of the eastern line of Oregon north to the northern boundary, will give Washington a large territory, and placing the whole mountain region from the South Pass to latitude 40°—East including Fort Benton, and West to the line of Washington—would make a gold State unsurpassed in richness and magnificence in the world

Masonic —The Grand Lodge of Masons convened at Salem on Monday last, and we are informed held a very harmonious and useful communication. A very fair representation from the several subordinate Lodges were present, and the social relations of this most honorable fraternity were rendered quite pleasant and agreeable. On Tuesday afternoon, a public installation of regular officers of this grand body took place in the M E Church, in the presence of a large audience of ladies and gentlemen The members of the Grand Lodge and visiting Masons formed in procession, headed by the Salem Brass Band and marched to the Church when, after singing by the choir and prayer by the Chaplain, Rev T H Pearne delivered an excellent address full of truth and sound reasonings and creditable to himself and the fraternity After the address, the following Grand Officers were duly installed into their respective stations W W. Fowler, M W Grand Master, J McCraken, R. W Deputy Grand Master, S F Chadwick, R W Senior Grand Warden; R Wilcox, R W Junior Grand Warden, A M Belt, Grand Treasurer, and W S Caldwell, Grand Secretary The appointed officers were also installed, but we have not a list of their names After the installation, the procession again formed and the members returned to their Hall "in good order"

British traders and trappers have found gold diggings on the east side of the Rocky Mountains, a few miles *south* of the national boundary They express the hope that our Government will permit the alteration of the line so that these mines shall be in the British possessions This is not very likely to be done

Frost.—Recent frosts have destroyed a large quantity of the vegetables, corn, &c, of the Willamette in Marion, Polk and Yamhill counties An unusual occurrence

Eastern News.

Chicago, Sept 10th —The latest information from the rebels in Kentucky is up to Friday evening At that time they were at Frankfort, seemingly undecided as to future movements It is probable however, that it is their intention for the present to hold Central Kentucky and wait for reinforcements We have little or no information in regard to the movements of Buell's army It is said he has concentrated his troops and is preparing to strike a blow at the enemy, but where and when is not stated

Fortress Monroe Sept 8th —Jeff Davis has appointed the 28th of September as a day of fasting and prayer, inviting the people of the Confederacy to assemble and render praise to God for the triumphs at Richmond and Manassas

The Richmond papers contain no particulars of the battles of Thursday Friday and Saturday week Wounded rebels were daily arriving at Richmond from Manassas, and have nowhere to go and no one to take care of them

The Richmond *Dispatch* of the 4th calls on the Confederate Congress for the most vigorous measures for the execution of the Conscription Act, to call into the field every able bodied man from eighteen to forty five to enable the Confederacy at once to push its line of battle into the heart of the enemy's country

It is said in Richmond that the new Merrimac has been completed but she is a failure

An Eastern journal has the following The Navy Department has commenced an important movement for the protection of our Pacific coast On Monday last work was begun at Jersey City on the first vessel of a squadron of iron clad war steamers which are intended to cruise in the Pacific for the purpose of watching over the commercial interests of the country in Western waters and the other ships will be put on the stocks as soon as possible Part of this fleet will be built in Atlantic ports and part in the Pacific Those which are to be constructed here will be made in sections and transported in Government steamers to California where they will be put together and prepared for immediate service It is not considered proper to print the exact particulars of the new movement at present but we may state that the vessels will be about 250 feet in length and of proportionate depth and width, and that they will be fully armed and manned

Liberal Donation —We learn that among other proceedings of a benevolent character the Grand Lodge of Masons at their recent communication at Salem by a unanimous vote donated $1000 out of the funds of said Grand Lodge to the Sanitary Commission for the relief of wounded sick and distressed Brothers and as many others as possible who are now suffering in the battle fields hospitals and other places in the Atlantic States Another instance of the practical workings of this time honored brotherhood

The company of Washington Territory Volunteers which has been recruiting under the direction of Capt Spencer, is reported as full

Several regiments of [illegible] the [illegible] never [illegible]

Maysville Ky was taken by the rebels [illegible] day The Union [illegible] left, taking their valuables along

Philadelphia Sept 11th —The rebel report that Gen Rosecrans attacked the rebels at Tripoli Miss, and had been repulsed is shown to be false by letters from his command of later date than the reported attack

Baltimore Sept 11th —Gen Lee has issued a proclamation to the people of Maryland in which he says

"In obedience to your wishes our army has come prepared to assist you with the power of our arms in regaining your rights. No restraint [illegible] will be allowed It is for you to decide your destiny without constraint and the army will respect your choice whatever it may be

Fort Monroe Sept 10 —Information has been received that the rebels 1,200 strong attacked the town of Washington, (N C) at daybreak on the 6th After a desperate fight of two hours, the rebels were repulsed and pursued for several miles

The gunboat *Louisiana* rendered essential service, shelling the rebels out of the strong position they had secured

During the action the gunboat *Picket* exploded her magazine, killing the captain and 19 men Our loss on shore was 7 killed and 47 wounded Thirty rebels were killed a large number wounded, and 6 captured Our force engaged was only 500 strong

Cairo Sept 9 —Clarksville Tennessee has again fallen into Federal hands, Colonel Lowe was sent from Fort Donelson on Saturday to attack that place On Sunday he was met by 1,000 rebels who were quickly dispersed, [illegible] prisoners falling into our hands

Fort Monroe, Sept 8th —The Richmond *Enquirer* of the 6th says "The past few days have been occupied in the burial of the dead on the plains of Manassas The movements of the armies beyond are underwent— [illegible] being now deemed essential by both combatants, the one for the preservation the other for the capture of Washington "

Washington Sept 9th —Yesterday afternoon a detachment of Indiana cavalry went to Poolesville which was found in possession of a rebel cavalry regiment The enemy formed a line of battle to the right of the town Our forces made a charge through the town On returning they met a reinforcement when another charge was made upon the enemy who broke and ran, leaving several dead on the field Our loss was one killed

Fort Monroe, Sept 8th —A flag of truce [illegible] 600 paroled Federals among them being 62 of Pope's officers whose [illegible] their capture had been [illegible]

Cincinnati Sept 9th —The news from Cumberland Gap says A portion of General Morgan's force met and defeated a party of rebels south of the Gap recently and took several prisoners among them Gen Ashton

Flag Officer Dupont reports that there are [illegible] Southern coast [illegible] The officers of the *Rhode Island* [illegible] South

[illegible] of this statement [illegible] that they have been [illegible] the [illegible] North

Lieut Kittridge commanding the squadron blockading Aransas and Corpus Christi bays [illegible] Texas announces the capture of the rebel armed steamer *Breaker* and also the destruction of an armed schooner and sloop [illegible] with the vessels Lieut Kittridge demanded the surrender of Corpus Christi Forty eight hours were [illegible] During this time the rebels fixed batteries from which they [illegible] There was [illegible] kept up [illegible] two on the [illegible] when the rebels retired to the plains In consequence of the [illegible] recruitment and being nearly out of ammunition it was thought best not to pursue an advantage On the arrival of supplies of ammunition the attack was [illegible] Our loss was one killed and one wounded

This morning's *Commercial* says Information received of the movements of the rebel army in Kentucky is full of indications that it is their purpose to invade Ohio Cincinnati is the first point aimed at Their progress in this direction however is slow so as to give the impression that their plans are not settled Reports are current that Bragg is pushing into Kentucky with the main body of the army to support Kirby Smith

The sudden changes of our climate are of Pulmonary, Bronchial, and Asthmatic Affections having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or Lozenges, let the Cold or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. Public Speakers and Singers will find them effectual for clearing and strengthening the voice. See advertisement.

LADD, WEBSTER & CO'S
FAMILY
SEWING MACHINES

ARE UNEQUALLED BY ANY FOR

BEAUTY AND SIMPLICITY OF CONSTRUCTION

—AND—

Efficiency in Working.

A GOOD SEWING MACHINE

SHOULD BE WELL MADE, simple in its construction and easily kept in order; should make a strong lock stitch alike on both sides of the material, and should sew any and all materials that can be sewed.

It should be able to use cotton thread, or silk directly from the spool, and to sew from coarse to fine, and from thick to thin with rapidity and without changing the tension. It should also be able to make the tension greater or less on both the under and upper thread, and with uniformity, and should have a *straight* needle, curved ones being liable to break.

The needle should have perpendicular motion—this is absolutely necessary for heavy work.

It should be able to bind with a binder, hem with a hemmer, fell, stitch, fell, run and gather, and should be always ready to work.

It should be capable of using the same size thread on both sides of the work, and of using different colored thread or silk, above or below, to correspond with any two colors of cloth to be united.

It should be able to make a long or short stitch, and to fasten the ends of seams by commencing sewing tightly at the first stitch and to run easily and make but little noise.

It should have a wheel feed, as others are in constant contact with the work.

It should not be liable to get out of order; neither should it require a screw driver or wrench to set the needle.

It should not be liable to soil the operator's dress.

It should not have a ridge on the under side, or ravel.

DR. BAKER'S

PAIN PANACEA.

Is composed entirely of healing, gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any how excruciating the pain, that I ever saw it fail. I will be continued to ask the afflicted who have not used it to try it for the following diseases. If they are not satisfied with the healing properties the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected and you will at once rest to the proper action and relieve the pain.

If you have a Bruise or Wound bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains apply the Pain Panacea freely, and take a dose of it internally morning and night. It will not only cure the pain but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat apply the Pain Panacea to the affected parts, and gargle the mouth or throat three times a day.

If you have the Diarrhoea or a relaxed state of the bowels, take a dose of Pain Panacea, and they will soon be restored. If you have any glandular swelling, bathe the parts freely and it will soon relieve pain, and the swelling will be reduced.

If you have a severe toothache apply the Pain Panacea on cotton and bathe gum at the same time; it will stop the pain instantly.

If you have a pain in the Breast, Side, Back or Kidneys, bathe parts affected morning and night, at the same time take one dose of Pain Panacea internally.

If a Mother has a caked breast apply the Panacea as hot as it can be borne.

If you feel chilly or cold as though you were going to have a fever take a dose of Panacea.

If you have a wound, cut or galls upon your horse, apply the Pain Panacea. It will cure all the inflammation and heal the sore in a short time.

The Light of a Cheerful Face.—There is no greater every-day virtue than cheerfulness. This quality in man among men, is like sunshine to the day, or gentle, renewing moisture to parched herbs. The light of a cheerful face diffuses itself and communicates the happy spirit that inspires it. As will might fog, and cloud, and vapor hope to cling to the sun-illumined landscape, as the blues and moroseness to combat jovial speech and exhilarating laughter. Be cheerful always. There is no path but will be easier travelled, no load but will be lighter, no shadow on heart or brain but will lift sooner in presence of a determined cheerfulness. It may at times seem difficult for the happiest tempered to keep the countenance of peace and content, but the difficulty will vanish when we truly consider that sullen gloom and passionate despair do nothing but multiply thorns and thicken sorrows. Ill comes to us as providentially as good—and is good, if we rightly apply its lessons, why not, then, cheerfully accept the ill and thus blunt its apparent sting? Cheerfulness ought to be the fruit of philosophy and of Christianity. What is gained by peevishness and fretfulness—by perverse sadness and sullenness? If we are ill, let us be cheered by the trust that we shall soon be in health. If misfortune befall us, let us be cheered by hopeful visions of better fortune. If death robs us of the dear ones, let us be cheered by the thought that they are only gone before to the blissful bowers where we shall all meet to part no more forever. Cultivate cheerfulness, if only for personal profit. You will do and bear every duty and burden better by being cheerful. It will be your consoler in solitude, your passport and commendator in society.—You will be more sought after, more trusted and esteemed for your cheerfulness. The bad, the vicious, may be boisterously gay and vulgarly humorous, but seldom or never truly cheerful. Genuine cheerfulness is an almost certain index of a happy and a pure heart.

Keep a Diary, Boys.

There are 365 days in a year. A day does not pass in which there is not some incident or transaction of importance on the farm—our lives are made up of days we allow them to pass without note, they seem to go from us as a blank with so little benefit that we cannot treasure incidents, which at the time of their occurrence, were of much interest to us. If we desire to recollect events, and do, perhaps we cannot say when they took place. On the farms, fields are plowed, seed is sown sometimes in greater or less quantities, sometimes the plow turns up the soil one foot in depth, sometimes much less, sometimes the plowing is done when the ground is dry, sometimes when it is wet. When we come to harvest the crop and there is a good or bad yield, we have in our diary some means to prove why we have succeeded in a great crop, or lost by a bad one. There are other facts a review of which might prove to be important, if made in the diary.

The writing in a diary, a few lines in a day is a small affair. Beside important things, there are others which you would hardly like to have forgotten. These little matters make up an interesting part of ones life. Their examination will show us that life is not a dreary waste. You will live over your past pleasures and you will see how trials and misfortunes, if you have them, have been met and conquered.

We say to you farmers' boys, by all means get you a diary book. In such demand are these books, that all booksellers keep them. They will cost you from fifty cents to a dollar, and when one for a year is filled out with incidents and observations scarcely any sum would take it from you. "Boys keep a Diary."

[For the Oregon Farmer.]

Gathering Seed.

In gathering flower as well as vegetable seeds, be careful to mark them with their right name. Put them away in their pods or hulls, in a dry place, but never in the sand, as the scorching rays would soon spoil many kinds of seed. When perfectly dry, put the seeds up in papers and keep in a dry, but not warm place. All kinds of seeds will keep much better and longer, when put away for the winter, in or with their pods or hulls. I have used letter envelopes, they make first rate seed bags.

H. M.

From the Oregon Farmer.

☞ Now once again we desire to speak to persons who intend to be exhibitors at the Fair. *Every one of you should have a copy of the Premium List.* You should note the articles for which the Society offer premiums; and you should not expect the Society to pay premiums for articles which are not enumerated in their list. If, however, the Society have means after other premiums and expenses are paid, they will give premiums on miscellaneous articles of superior order.

DR. L. J. CZAPKAY'S

Private Medical & Surgical Institute,

SACRAMENTO STREET, BELOW MONTGOMERY.
Opposite the Pacific Mail Steamship Company's Office, San Francisco.

ESTABLISHED IN 1854 FOR THE PERMANENT cure of all Chronic and Private Diseases, and the SUPPRESSION OF QUACKERY. Attending and Resident Physician L. J. CZAPKAY, M. D., late in the Hungarian Revolutionary War, Chief Physician to the 20th Regiment of Honveds, Chief Surgeon to the Military Hospital of Pesth, Hungary, the late Lecturer on Diseases of the Genito-Urinary Organs and Diseases of Women and Children, and Honorary Member of the Philadelphia College of Medicine.

☞ Particular attention paid to the treatment of diseases peculiar to Women and Children.

Office Hours—From 9 A. M. to 9 P. M.

☞ Communications strictly confidential. Permanent cure guaranteed or no pay. Consultations by letter or otherwise FREE.

Address, DR. L. J. CZAPKAY, San Francisco.

Of all diseases the first great cause
Springs from neglect of Nature's laws.

To the Afflicted!

Suffer not when a cure is guaranteed in all stages of secret diseases, Self Abuse, Nervous Debility, Syphilis in all its stages, Strictures, Gleet, Gravel, Diabetes, diseases of the Kidneys and Bladder, Mercurial Rheumatism, Scrofula, Pains in the Bones and Ankles, diseases of the Lungs, Throat, Nose and Eyes, Ulcers upon the Body or Limbs, Cancers, Dropsy, Epileptic Fits, St. Vitus Dance—and all diseases arising from a derangement of the sexual organs—such as Nervous Trembling, Loss of Memory, Loss of Power, General Weakness, Dimness of Vision with peculiar spots appearing before the eyes, Loss of Sight, Wakefulness, Dyspepsia, Liver Disease, Eruptions upon the Face, Pains in the Back and Head, Female Irregularities—and all improper discharges of both sexes. It matters not from what cause the disease originated, however long standing or obstinate the case, recovery is certain, and in a shorter time than a permanent cure can be effected by any other treatment, even after the disease has baffled the skill of eminent physicians and resisted all their means of cure. The medicines prescribed are pleasant without odor, entirely vegetable, causing no sickness and free from mercury or balsam. During fifteen years of practice in Europe, the Atlantic States and California, I have rescued from the jaws of death many thousands who, in the last stages of the above mentioned diseases had been given up to die by their physicians, which warrants me in promising to the afflicted, who may place themselves under my care, a speedy and permanent cure. Private diseases are the greatest enemies to health as they are the first cause of consumption, scrofula and many other diseases, and should be a terror to the human family. A permanent cure is scarcely ever effected—a majority of cases falling into the hands of incompetent persons, who not only fail to cure the disease, but ruin the constitution, filling the system with mercury, which with the disease, hastens the sufferer into a rapid consumption. But should the disease and the treatment not cause death speedily, and the victim marries, the disease is entailed upon the children, who are born with feeble constitutions and the current of life corrupted by a virus which betrays itself in scrofula, tetter, ulcers, eruptions and other affections of the skin, eyes, throat and lungs, entailing upon them a brief existence of suffering, and consigning them to an early grave.

Self abuse is another formidable enemy to health, for nothing else in the dread catalogue of human diseases causes so destructive a drain upon the system—drawing its thousands of victims through a few years of suffering down to an untimely grave. It destroys the nervous system, rapidly wastes away the energies of life, causes mental derangement, prevents the proper development of the system, disqualifies for marriage, society, business, and all earthly happiness, and leaves the sufferer wrecked in body and mind, predisposed to consumption and a train of evils more to be dreaded than death itself. With the fullest confidence I assure the unfortunate victims of self abuse, that a permanent and speedy cure can be effected, and with the abandonment of ruinous practices my patients can be restored to robust, vigorous health.

The afflicted are reminded that by addressing their diseases of males and females treated on principles established by fifteen years of practice and sanctioned by thousands of the most remarkable cures. Medicines with full directions sent to any part of the State of Oregon and Washington Territory, by patients communicating their symptoms by letter.

All business correspondence strictly confidential. Address DR. L. J. CZAPKAY, Medical Institute, Sacramento street, below Montgomery, opposite Pacific Mail Steamship Co.'s Office, San Francisco.

Remarkable Instance of Medical Relief.

Below we publish the certificates of three of the sufferers from the pangs of disease, who, having recovered their former health, and impelled by gratitude, make known their cases and remedial agent, and their statement are authenticated by a Notary Public. The demands of humanity imperiously command their publicity, and we commend their perusal to the attention of all afflicted.

Certificate.—The undersigned, desirous of acquainting those who may be unfortunate enough to be similarly afflicted, where a permanent relief of their sufferings may be obtained, feels it his duty to thus publicly express his most sincere gratitude to Dr. L. J. Czapkay, for the permanent recovery of his health. Borne down by the distressing symptoms incident to the vicious practices of uncontrollable passion in youth, depressed in body and mind, unable to perform even the most trifling duty imposed in the ordinary avocations of life, I sought the advice of many physicians, who at first regarded my disease as of trifling importance—but alas! after a few weeks, and in several instances months of their treatment, I found, to my unutterable horror, that instead of relief, my symptoms became more alarming in their torture, and being told by one that my disease being principally confined to the brain, medicine would be of little consequence. I despaired of ever regaining my health, strength and energy, and as a last resort and with but a faint hope, called upon Dr. Czapkay, who after examining my case, prescribed some medicine which almost instantly relieved me of the dull pain and dizziness in my head. Encouraged by the result, I resolved to place myself immediately under his care, and by strictly obeying all his directions and advice, my head became clear and my ideas collected, the constant pain in my back and groins, the weakness of my limbs, the nervous reaction of my whole body on the slightest alarm or excitement, the misanthropic and evil forebodings, the self distrust and want of confidence in others, the incapability to study and want of resolution, the frightful exciting and at times pleasurable dreams at night, followed by involuntary emissions, have all disappeared, and in fact in two months after having consulted the doctor I felt as if I had been born anew, with the belief which but a short time ago I contemplated to end by my own hand. With the view to guard the unfortunate from falling into the snares of incompetent quacks, I deem it my duty to offer this testimony to the merit and skill of Dr. Czapkay, and to commend him to all who may stand in need of medical advice, being assured by my own experience that once under his care a cure is certain and permanently effected.
H. F. FILLMORE.

State of California, County of San Francisco,
Subscribed and sworn to before me this [illegible] day of April A. D. 1861. Signed,
[L. S.] JOHN MIDDLETON, Notary Public.

Marysville, [illegible] 1861.

Dr. L. J. Czapkay, San Francisco—Sir: I have used the last of your medicine, and do not think I shall need any more, as I feel very well, except that I have not entirely got my strength, though but as well with the appetite I have. It is just three weeks since I remember when I called at your institute with my constitution, as I thought, broken entirely, and never thought you would be able to cure me perfectly, but thought you might be able to do something to ease the pain in my back and head and strengthen my nerves so that I would not get excited and tremble at everything. Now that you know what I expected you may judge of my satisfaction at my complete recovery from those symptoms and the removal of those sores and blotches from my skin and the ulcers from my throat, and the entire change of those emissions which you said were principally the cause of my sickness. I can hardly tell you which is the greatest, my joy or my surprise, for except not having fully got my strength I feel as well as any man can feel.

Enclosed I send you twenty dollars over your charge and think myself cheaply cured. If you think anybody will be benefited you may put this letter in the newspapers. He is one [illegible] yours THOMAS HAYDEN.

Thankfulness is the Incentive to gratitude.

Certificate.—Prompted by an honest desire of my heart, I wish to lay before the public a case which deserves a commendation not only as an act of eminent skill, but that of humanity also. About two years ago, I suddenly and from unknown cause was seized with a fit of epilepsy, which owing to my inability to meet the expenses consequent upon a thorough medical treatment, and the discouragement which I met with on attempting it, soon became such that I was unable to defy the skill of any physician. I was frequently while in pursuit of my calling, thrown down to the ground without the slightest warning, and although insensible to the agonies I yet despised the miserable state of my life, and soon learned to look upon those who would render assistance or shelter me from danger as enemies who sought to prolong the existence of my miseries. While in this state and having previously made my affliction known to the sheriff of Sacramento county, I was induced to attempt seeking aid of a physician, and by recommendation, called upon Dr. L. J. Czapkay. I told him of my circumstances, and of my inability to reward him for his services; regardless of which however, he at once undertook my case, and with the blessing of God I was in no more restored to perfect health. Could I reward him for the boon which I enjoy at present, and yet conscious of my indebtedness, I consider it due to myself and all afflicted to make this case public, in order that those in need of medical advice may find a physician in whom every confidence can be placed.
